DTCC's Rising Stars

What is the DTCC's Rising Stars Program?

DTCC's Rising Stars Program, was created to foster and develop high school and college students who are program alumni from the following DTCC sponsored U.S programs: Boston Private Industry Council, Girls Who Code, Jersey City Summer Internship, New York University Computer Science for Cyber Security (CS4CS), and PENCIL. This program will be a multi-year program for alumni, in order to provide them continued and targeted engagement and training opportunities. The program will help DTCC maintain relationship with a pipeline of diverse candidates with the goal of strengthening the talent pool for our Summer Internship and EDGE Programs in both our Non-IT and IT departments.

STARS

Program Overview

The DTCC's Rising Stars Program will run from September – May with engagements planned every other month.

Events will be hosted between the hours of 4:30PM-6:30PM EST

Meeting time will range between 60-120 mins.

Learning engagements will consist of Non-IT and IT topics such as technology co-pairs, presentation from various business and functional areas such as risk and IT, networking, DTCC overview and mentoring circles.

Engagements will vary from on-line learning, interactive learning (Co-pairs), professional development and hands-on project experiences. Some task will be assigned after events.

At the conclusion of the program, there will be a lunch or dinner reception to honor your efforts and each participant will be given a certificate of completion. Participant is required a minimum of 75% of events are required to move forward to the next year.

At the end of each engagement and at the conclusion of the program year participants will be asked to complete a survey to assess the success and impact of each session and overall program.
